Lisa

compact, powerful, convenient

Meet Lisa: Ellie and Lena's little sister. Smaller in size but equally as powerful, intuitive and convenient.

Control lights, shades, music and scenes in one specific room. View security cameras, see who's at your doorstep and use the in-house intercom function to call other Lisa, Ellie and Lena displays in your home. Lisa is small, refined and minimalistic, yet gives you access to everything you need on her 3.1" full HD LCD touchscreen. Perfect for bathrooms or smaller bedrooms.

join the family

Lisa is available in all our luxury finishes and has the same square form factor as our Sentido keypads, Chopin keypads and Via walkway lights. Bring balance into your interior with a uniform design concept.

Fibonacci

the new reference

Inspired by the golden ratio, Fibonacci brings natural beauty to the heart of your home. Its avant-garde looks elevate even the most sophisticated interiors.

The touch-sensitive surface allows effortless operation for an unprecedented user experience. The icons and text labels can be customised to your every need.

easy and flexible

Easily change and customise Fibonacci's labels to your own taste.

your personal touch

Configure the multitouch function to control anything at home. Touch more than one surface at the same time and the room dims to the right scene: music starts playing, the temperature rises and the curtains close. Ready for a cosy evening.

An internal temperature sensor discretely reports the room temperature. The integrated thermostat function does the rest.

The multicolour LED in the middle can be programmed with any colour that pleases you. It is used for status feedback or simply to find Fibonacci in the dark. When approaching Fibonacci, its backlit laser-engraved labels subtly light up to welcome you home.

flush mount

Combine functional control and aesthetic design to seamlessly integrate our products into any wall.

In some projects, the interior designer aims for a sleek, minimalist design. To attend these needs, we offer an optional flush mount kit to integrate some products* flush with the wall. The kit securely mounts the product and still allows easy access, insertion and removal.
